It's help employees to realize the environmental morale and KITZ sustainability commitment and slogan. (* NOTE1)
And restore the forest ecosystem and increase biodiversity.

For KVT's 4th CSR event, we had chosen the following 4 activities.

1. Plant the Forest :

Nowadays, Forest in Thailand have only 30% of the total area. That is one cause of natural disasters. For example, forest fire and flash flood. This activity make to restore the forest ecosystem, increase biodiversity and combating threat of climate change.

2. Seed Bomb :

Due to forest in Thailand have only 30% and reforestation cannot be done thoroughly into hard to access area. So, this activity call "Seed Bomb". We mold soil with seed and catapulted into forest that into hard to access areas by slingshot for restore mixed deciduous forests and ensure that healthy seeds are able to grow in natural way. The seeds that we use to make seed bombs are Teak, Afzelia xylocarpa, Padauk, Xylia Kerrii and Dalbergia.

3. Artificial Salt Licks :

This activity is make artificial salt licks for wild animal. Artificial salt licks is a place where wild animals can go to lick essential mineral nutrients from a deposit of salts and other minerals. In night time wild animals (deer, elephant, tiger and etc.) will come to lick artificial salt licks. Artificial salt licks will help wildlife grows and more propagation.

4. Learning Nature in forest :

This activity learned lesson about forest conservation how they can help protect mixed deciduous forests and protect wildlife from extinction and alien species. Then, we learned lesson about benefit of check dam that making it possible to store water for the dry season. Finally, Mr. Golf - Volunteer of Khao Nam Pu Nature and Wildlife Education Center summary all activities that we can work together to save the forest.

We wish to create a sustainable society where all creature on earth can live their lives with peace of mind. To create the ideal society, we believe companies must achieve sustainable growth while working to solve social issues and protect the global environment through business activities.
